iSmart Coding Academy

Summer Coding Immersive Camp June 28 - August 28

Kids can learn to code fast and easy.

iSmart Coding Camp can help prepare 21st Century students.

Coding skill not only helps prepare for the future, but it also develops computational thinking and problem-solving skills. iSmart is where kids can explore and test their knowledges while having fun, the most important factor. Kids learn best when they have fun! Projects with Computer Coding, 3D Printing, Lego Robots, Inventing Electronics, Interactive Web design, and much more.

School Hours

Monday-Friday
8:30am - 3:30pm

Location
260 Harrison Street,
Leonia, NJ 07605

Website
ismartacademy.org
Phone 201-741-7842
201-242-0377

Individual Coding Lessons or Group Sessions also Available.

LOWER ELEMENTARY

Summer Immersive Classes

Arts & Crafts, Early Coding with Lego, Lego MakerSpace

UPPER ELEMENTARY

Summer Immersive Classes

Code Robots, Invent Electronics, 3D Design and Printing

MIDDLE& HIGH SCHOOL

Summer Immersive Classes

Code Drones, Robotics, Interactive Web Design, Python Projects

Schedules & Tuition

* Class curricula in session 1 are not repeated in the following session 2

Lower Elementary Grade 1-3

Tues & Thurs

SESSION 1 JULY 5 – JULY 31
SESSION 2 AUG 2 – AUG 28

Arts & Science crafts:

There are science behind everything even in slime. Take-home projects such as color changing slime, Rock Painting, Ocean in a Bottle, Glow-in-Dark Terrarium and much more
8:45-10:15am
$325 per session

Early Coding with Movable Lego Parts: Using Lego Wedo, follow instructions to build fun lego robots and make them come alive with programming.
10:15-12:15am
$375 per session

Lego MakerSpace:

Make Lego creations of your own with various Lego parts you can't see anywhere else.
1:00-3:00pm
$350 per session

Upper Elementary Grade 4-6

Mon, Wed, Fri

SESSION 1 JULY 2 – JULY 30
SESSION 2 AUG 6 – AUG 31

Coding with Robots:

Build and program cool Lego robots with smart sensors and carry out rescue missions.
8:45-10:15am
$450 per session

Invent Electronics:

Using Makey Makey circuit boards, create your unique and amazing inventions. 10:15-12:15am
$425 per session

3D Design and Printing:

Custom make your own toy and gadgets in 3D softwares and print in 3D.
1:00-3:00pm
$425 per session

Middle & High School Grade 7-12

Tues & Thurs

SESSION 1 JULY 5 – JULY 31
SESSION 2 AUG 2 – AUG 28

Code with Drones:

Code drones to take fantastic flights and hurdle challenges.
8:45-10:15am
$350 per session

Robotics:

Program smart robots with sensors and be amazed with technologies.
10:15-12:15am
$350 per session

Interactive Web Design Coding:

Using Html, Css, & Javascript, you will be able to build cool interactive websites.
1:00-3:00pm
$350 per session

Python Projects:

Learn popular Python programming language and create amazing computer projects.
Class will start when 3 or more register. Please inquire.
$350 for 8 classes.

Registration info:

You can register by individual classes or a day-camp with 3 classes per day.

Curriculum in session 1 is not repeated in session 2.

School is closed on July 4th.

Lunch is provide for full-day campers upon purchase: $80 per session for Tues, Thurs Camp. $120 for Mon, Wed, Fri Camp.

Please register by phone, 201-741-7842, 201-242-0377

or by email: admissions@hanalschool.org
